

LENNOX Residential Products

AIR CONDITIONERS & HEAT PUMPS

Dave Lennox Signature® Collection is the ultimate in creating the ideal home. From supreme efficiency to unprecedented performance, this product family delivers incomparable comfort. For those unwilling to settle for anything less than extraordinary, there is only one option. Dave Lennox Signature Collection.

Transcend Your Air.

SL28XC/SL25XPV AIR CONDITIONER AND HEAT PUMP

- SL28XC up to 26.00 SEER
- SL25XPV up to 24.00 SEER and 11.80 HSPF
- Precise Comfort™ design with a variable-capacity compressor that adjusts in tiny increments for precise, even temperature and humidity control
- SmartHinge™ technology delivers the ultimate in quiet performance
- Sound levels as low as 55 dB (SL25XPV) and 56 dB (SL28XC)
- SmartHinge™ lowered coil protection for easy coil cleaning
- PermaGuard™ unit base resists corrosion
- 10-Year Limited Warranty on compressor and covered components
- Part of the Ultimate Comfort System™
- Digitally communicating

KC21/XP21 AIR CONDITIONER AND HEAT PUMP

- KC21 up to 21.00 SEER
- XP21 up to 19.20 SEER and 9.80 HSPF
- SilentComfort™ technology delivers the ultimate in quiet performance
- Two-stage operation provides improved temperature and humidity control
- Sound levels as low as 69 dB (KC21) and 67 dB (XP21)
- SmartHinge™ lowered coil protection for easy coil cleaning
- PermaGuard™ unit base resists corrosion
- 10-Year Limited Warranty on compressor and components
- Digitally communicating
- Available in the North Region only, while supplies last, beginning January 1, 2023

WARRANTY
All Dave Lennox Signature Collection models come with a 10-Year Limited Warranty on the compressor and covered components. Furnace heat exchangers offer either 20-Year or Lifetime Limited Warranties. For more information, please visit www.Lennox.com/WarrantyYourWay

Elite® Series takes the Lennox promise of exceptional comfort and performance to the next level. This superior product family delivers remarkable efficiency. It's time to elevate your environment. It's time for Elite.

EL23XC/EL22XPV AIR CONDITIONER AND HEAT PUMP

- EL23XC up to 22.00 SEER
- EL22XPV up to 21.00 SEER and 8.50 HSPF
- True variable-capacity heating and cooling improves temperature and humidity control
- Sound levels as low as 59 dB (EL23XC) and 61 dB (EL22XPV)
- Digital-ready unit when paired with a digitally-enabled furnace or air handler and a Lennox S30 Smart Thermostat
- SmartHinge™ lowered coil protection for easy coil cleaning
- PermaGuard™ unit base resists corrosion
- 10-Year Limited Warranty on Compressor
- 5-Year Limited Warranty on covered components

KC20/XP20 AIR CONDITIONER AND HEAT PUMP

- KC20 up to 20.00 SEER and 10.40 HSPF
- True variable-capacity heating and cooling improves temperature and humidity control
- Sound levels as low as 65 dB
- SmartHinge™ lowered coil protection for easy coil cleaning
- PermaGuard™ unit base resists corrosion
- 10-Year Limited Warranty on compressor
- 5-Year Limited Warranty on covered components
- Digitally communicating

EL17XC1/EL17XP1 AIR CONDITIONER AND HEAT PUMP

- EL17XC1 up to 18.60 SEER, 17.40 SEER*
- EL17XP1 up to 18.60 SEER and 10.60 HSPF, 17.00 SEER2 and 8.50 HSPF2
- Sound levels as low as 72 dB (EL17XC1) and 71 dB (EL17XP1)
- Precision balanced, direct-drive fan for consistent comfort
- SmartHinge™ lowered coil protection for easy coil cleaning
- PermaGuard™ unit base resists corrosion
- 10-Year Limited Warranty on compressor
- 5-Year Limited Warranty on covered components

WARRANTY
All Elite Models come with a 10-Year Limited Warranty on compressors and a 5-Year Limited Warranty on covered components. A 10-Year Extended Limited Warranty is available with product registration. Furnace heat exchangers offer either 20-Year or Lifetime Limited Warranties. For more information, visit www.Lennox.com/WarrantyYourWay

Welcome to the Lennox standard of excellence. Merit® Series is the introductory product line that raises the bar for heating and cooling equipment. Don't settle when it comes to the air inside your home – ask for more. Ask for Merit.

ML18XC2 AIR CONDITIONER

- Up to 18.00 SEER, 17.80 SEER*
- Two-stage operation to balance comfort and efficiency
- Strong nominal cooling capacities
- Removable lowered coil protection panels for easy coil cleaning
- Precision balanced, direct-drive fan for consistent comfort
- PermaGuard™ unit base resists corrosion
- Sound levels as low as 75 dB
- 5-Year Limited Warranty on covered components

ML17XC1/ML17XP1 AIR CONDITIONER AND HEAT PUMP

- ML17XC1 meets or exceeds 18.60 SEER, 17.00 SEER2
- ML17XP1 up to 18.60 SEER and 10.60 HSPF, 17.00 SEER2 and 8.50 HSPF2
- Strong nominal cooling capacities
- Removable lowered coil protection panels for easy coil cleaning
- Precision balanced, direct-drive fan for consistent comfort
- PermaGuard™ unit base resists corrosion
- Sound levels as low as 73 dB (ML17XC1) and 74 dB (ML17XP1)
- 5-Year Limited Warranty on covered components

WARRANTY
All Merit Models come with a 5-Year Limited Warranty on compressors and a 5-Year Limited Warranty on covered components. A 10-Year Extended Limited Warranty is available with product registration. Furnace heat exchangers offer a 20-Year Limited Warranty. For more information, visit www.Lennox.com/WarrantyYourWay

GAS FURNACES

SLP99V GAS FURNACE

- The quietest and most efficient furnace you can buy!
- Up to 99% AFUE
- Variable-capacity heating operation
- High-efficiency variable-speed blower
- Precise Comfort design
- SilentComfort fan motor
- Sealed burner box for quiet comfort
- Duralok Plus™ heat exchanger
- Enhanced humidity control
- Upflow/horizontal or dedicated downflow design
- Two-door blower compartment design for sound dampening
- Limited Lifetime Warranty on heat exchanger*
- 10-Year Limited Warranty on covered components
- Part of the Ultimate Comfort System
- Digitally communicating

SL280V GAS FURNACE

- 80% AFUE
- Two-stage heating operation
- High-efficiency variable-speed blower
- SilentComfort fan motor
- Duralok Plus™ heat exchanger
- Enhanced humidity control
- Upflow/horizontal or dedicated downflow design
- Two-door blower compartment design for sound dampening
- 20-Year Limited Warranty on heat exchanger*
- 10-Year Limited Warranty on covered components
- Digitally communicating

EL296V GAS FURNACE

- 96% AFUE
- Two-stage heating operation
- High-efficiency variable-speed blower motor
- Sealed burner box for quiet comfort
- Upflow/horizontal or dedicated downflow designs
- Duralok Plus heat exchanger
- Enhanced humidity control
- Two-door blower compartment design for sound dampening
- Limited Lifetime Warranty on heat exchanger
- 5-Year Limited Warranty on covered components*
- Digitally communicating

EL280E GAS FURNACE

- 80% AFUE
- Power Saver constant-torque motor design uses less energy in both heating and cooling modes
- Upflow/horizontal or dedicated downflow designs
- Duralok heat exchanger
- Two-door blower compartment design for sound dampening
- 20-Year Limited Warranty on heat exchanger
- 5-Year Limited Warranty on covered components*

EL195NE ULTRA-LOW EMISSIONS GAS FURNACE

- 95% AFUE
- Meets new ultra-low emissions standards in California
- Single-stage operation
- Pre-mix burner assembly for quiet comfort
- Upflow/horizontal design
- Power Saver constant-torque motor design uses less energy in both heating and cooling modes
- Two-door blower compartment design for sound dampening
- Limited Lifetime Warranty on heat exchanger
- 5-Year Limited Warranty on covered components*

ML296V GAS FURNACE

- 96% AFUE
- Two-stage heating operation
- High-efficiency, variable-speed blower motor
- Sealed burner box for quiet comfort
- Upflow/horizontal or dedicated downflow designs
- Duralok Plus heat exchanger
- One- or two-pipe ready
- 20-Year Limited Warranty on heat exchanger*
- 5-Year Limited Warranty on covered components*

ML193E GAS FURNACE

- 93% AFUE
- Single-stage heating operation
- Power Saver constant-torque motor design uses less energy in both heating and cooling modes
- Sealed burner box for quiet comfort
- Upflow/horizontal or dedicated downflow designs
- Duralok Plus heat exchanger
- One- or two-pipe ready
- 20-Year Limited Warranty on heat exchanger*
- 5-Year Limited Warranty on covered components*

ML180E GAS FURNACE

- 80% AFUE
- Single-stage heating operation
- Upflow/horizontal or dedicated downflow designs
- Duralok heat exchanger
- Power Saver constant-torque motor design uses less energy in both heating and cooling modes
- 20-Year Limited Warranty on heat exchanger*
- 5-Year Limited Warranty on covered components*

SL297NV ULTRA-LOW EMISSIONS GAS FURNACE

- 97.5% AFUE
- Meets new ultra-low emissions standards in California
- Two-stage heating operation
- High-efficiency variable-speed blower
- Pre-mix burner assembly for quiet comfort
- Enhanced humidity control
- Upflow/horizontal design
- Two-door blower compartment design for sound dampening
- Limited Lifetime Warranty on heat exchanger*
- 10-Year Limited Warranty on covered components
- Digitally communicating

SL280NV ULTRA-LOW EMISSIONS GAS FURNACE

- 80% AFUE
- Meets new ultra-low emissions standards in California
- Two-stage heating operation
- High-efficiency variable-speed blower
- Pre-mix burner assembly for quiet comfort
- Enhanced humidity control
- Upflow/horizontal or dedicated downflow design
- Two-door blower compartment design for sound dampening
- 20-Year Limited Warranty on heat exchanger*
- 10-Year Limited Warranty on covered components
- Digitally communicating

EL296E GAS FURNACE

- 96% AFUE
- Two-stage heating operation
- Power Saver constant-torque motor design uses less energy in both heating and cooling modes
- Sealed burner box for quiet comfort
- Upflow/horizontal or dedicated downflow designs
- Duralok Plus heat exchanger
- Enhanced humidity control
- Two-door blower compartment design for sound dampening
- Limited Lifetime Warranty on heat exchanger
- 5-Year Limited Warranty on covered components*

EL196E GAS FURNACE

- 96% AFUE
- Single-stage heating operation
- Power Saver constant-torque motor design uses less energy in both heating and cooling modes
- Sealed burner box for quiet comfort
- Upflow/horizontal design
- Duralok Plus heat exchanger
- Two-door blower compartment design for sound dampening
- Limited Lifetime Warranty on heat exchanger
- 5-Year Limited Warranty on covered components*

EL180NE ULTRA-LOW EMISSIONS GAS FURNACE

- 80% AFUE
- Meets new ultra-low emissions standards in California
- Single-stage operation
- Pre-mix burner assembly for quiet comfort
- Upflow/horizontal design
- Power Saver constant-torque motor design uses less energy in both heating and cooling modes
- Two-door blower compartment design for sound dampening
- 20-Year Limited Warranty on heat exchanger
- 5-Year Limited Warranty on covered components*

OIL FURNACES

SLO185V OIL FURNACE*

- Up to 87% AFUE
- High-efficiency variable-speed blower
- SilentComfort fan motor enhanced
- High efficiency Beckett® oil burner uses the latest NX combustion technology for greater fuel efficiency
- Limited Lifetime Warranty on heat exchanger*
- 10-Year Limited Warranty on covered components

ELO183 OIL FURNACE

- Up to 84% AFUE
- High efficiency Beckett® oil burner uses the latest NX combustion technology for greater fuel efficiency
- Upflow, 10-boy or horizontal/downflow designs
- Innovative combustion chamber design
- Limited Lifetime Warranty on heat exchanger
- 5-Year Limited Warranty on covered components*

AIR HANDLERS

CBA38MV AIR HANDLER

- The quietest and most efficient air handler you can buy!
- Variable-speed motor for even temperature and quiet operation
- Antimicrobial drain pan for improved indoor air quality
- 4-way multi-position installation
- Optional electric heat for added comfort
- Exceptional air performance
- Less than 2% air leakage
- 10-Year Limited Warranty on covered components
- Part of the Ultimate Comfort System
- Digitally communicating

CBA27UHE AIR HANDLER

- Power Saver constant-torque motor design uses less energy in both heating and cooling modes
- Optional electric heat for added comfort
- UV-KnoX for easy installation of Healthy Climate® germicidal lights
- Exceptional air performance
- Upflow/horizontal installation
- 5-Year Limited Warranty on covered components

THERMOSTATS

LENNOX S30 SMART THERMOSTAT

- Wi-Fi-enabled smart thermostat for digitally-enabled communicating equipment
- Precise Comfort™ Plus – Holds the home's temperature to within 0.5 degrees or less when used with Lennox modulating equipment
- Smart Away™ Mode – Uses the location services on the homeowner's phone to detect when they come and go, adjusting the temperature accordingly to save energy and maximize comfort
- Allergen Defender – Monitors the air pollen levels of a homeowner's local zip code and automatically turns the fan on to clean their home's air when outdoor levels are high
- Remote diagnostics and troubleshooting capabilities
- Integrate with a range of smart home devices—from premium smart home systems like Control4 to popular virtual assistants
- Picture upload capability
- Ventilation control for cleaner, fresher air
- Only requires 4 wires for installation
- 10-Year Limited Warranty
- Part of the Ultimate Comfort System

LENNOX E30 SMART THERMOSTAT

- Wi-Fi-enabled universal smart thermostat compatible with non-digital and non-Lennox equipment
- Feels Like™ Temperature – Similar to the "Feels Like" temperature in a weather report, it takes into account temperature and humidity to make your customer's home feel exactly like they want it
- Allergen Defender – Monitors the pollen levels of a homeowner's local zip code and automatically turns the fan on to clean their home's air when outdoor levels are high
- Smart Away Mode – Uses the location services on the homeowner's phone to detect when they come and go, adjusting the temperature accordingly to save energy and maximize comfort
- Remote diagnostics and troubleshooting capabilities
- Integrate with a range of smart home devices—from premium smart home systems like Control4 to popular virtual assistants
- Picture upload capability
- 3 heat/2 cool operations
- Ventilation control for cleaner, fresher air
- Only 4 wires required for installation
- 5-Year Limited Warranty

LENNOX CS7500 THERMOSTAT

- Programmable: 7-Day or 5-Day/2-Day
- Versatile programming options offer custom comfort and energy savings
- Color touchscreen – 4.3" HD touchscreen
- Reminders – Customizable filter, service and part replacement reminders
- One-Touch Away Mode – Turns down heating or cooling to save energy when no one is home
- 4 heat/2 cool operations
- Humidity control
- Dual-fuel compatible
- 5-Year Limited Warranty

LENNOX M30 SMART THERMOSTAT

- Wi-Fi-enabled universal smart thermostat compatible with non-digital and non-Lennox equipment
- Wi-Fi-enabled Smart Away Mode – Uses the location services on the homeowner's phone to detect when they come and go, adjusting the temperature accordingly to save energy and maximize comfort
- Feels Like™ Temperature – Similar to the "Feels Like" temperature in a weather report, it takes into account temperature and humidity to make your customer's home feel exactly like they want it
- One-Touch Away Mode – Turns down heating or cooling to save energy when no one is home
- Remote diagnostics and troubleshooting capabilities
- Integrate with a range of smart home devices—from premium smart home systems like Control4 to popular virtual assistants
- 5-Year Limited Warranty

LENNOX CS5500 THERMOSTAT

- Programmable: 7-Day or 5-Day/2-Day
- Versatile programming options offer custom comfort and energy savings
- 1 heat/1 cool operation
- Color touchscreen – 4.3" HD touchscreen
- Reminders – Customizable filter, service and part replacement reminders
- One-Touch Away Mode – Turns down heating or cooling to save energy when no one is home
- 5-Year Limited Warranty

LENNOX CS3000 THERMOSTATS

- 5-Day/2-Day or non-programmable thermostats provide options to match your comfort needs
- Large display and buttons for ease and convenience
- Advanced electronics for accurate control of temperature
- Dual-fuel capable
- 2-Year Limited Warranty

AIR PURIFICATION

LENNOX PUREAIR™ S AIR PURIFICATION SYSTEM

- Series and communicates, and cleans the air in your home better than any other single system you can buy
- The residential filtration system with a filter that removes from the air* over 99% of the virus that causes COVID-19*
- Communicates with Lennox S30 Smart Thermostat
- Industry-exclusive air purification design
- Only single indoor air quality system to remove all three classes of indoor air contaminants—particles, bioaerosols and odors/chemical vapors
- Carbon Clean 16® media filter combined with photocatalytic oxidation
- Exceeds hospital intensive care/operating room level filtration
- 10-Year Limited Warranty on covered components
- Part of the Ultimate Comfort System
- Digitally communicating

HEALTHY CLIMATE™ PUREAIR AIR PURIFICATION SYSTEM

- Cleans your home better than any other single system you can buy
- The residential filtration system with a filter that removes from the air* over 99% of the virus that causes COVID-19*
- Industry-exclusive air purification design
- Removes all three classes of indoor air contaminants—particles, bioaerosols and odors/chemical vapors
- Carbon Clean 16® media filter combined with photocatalytic oxidation
- Exceeds hospital intensive care/operating room level filtration
- 5-Year Limited Warranty on covered components

HEALTHY CLIMATE IN-DUCT AIR PURIFIER

- Clean, free, dust-mounted, air purifier that effectively reduces VOCs and formaldehyde
- Utilizes patent pending carbon and UV-C light technology
- Easy to install in your HVAC system without expensive air duct modifications
- Combined with a Healthy Climate® filter, it consistently addresses indoor air pollutants and effortlessly allows greater airflow through the home

CARBON CLEAN 16™ MEDIA AIR CLEANER

- Removes from the air* over 99% of the virus that causes COVID-19*
- Industry-leading MERV 16 filtration
- 50% first-pass reduction of ozone while also reducing odors
- Removes 95% of particles down to 0.3 microns
- Removes over 90% of bioaerosols and microorganisms down to 0.01 micron
- Eliminates odors
- 5-Year Limited Warranty on covered components

MERV 13 MEDIA AIR CLEANER

- Removes from the air* up to 85% of the virus that causes COVID-19*
- MERV 13 media filter
- Removes 54% of particles down to 0.3 microns
- 5-Year Limited Warranty on covered components

MERV 11 MEDIA AIR CLEANER

- Removes from the air* up to 75% of the virus that causes COVID-19*
- MERV 11 media filter
- Removes 28% of particles down to 0.3 microns
- 5-Year Limited Warranty on covered components

MERV 16, 13, AND 11 REPLACEMENT AIR FILTERS

- MERV 16 available in 5" box
- MERV 13 available in 5" box
- MERV 11 available in 5" box

HEPA-20/40/60 BYPASS FILTRATION SYSTEM

- True® HEPA Filter Media – 99.97% efficient in removing particles ranging in size down to 0.3 microns
- Extremely effective in removing airborne allergens and irritants such as dust and bacteria
- Achieves the best possible air-filtration performance
- Optional carbon filtration helps trap and remove odors
- 5-Year Limited Warranty on covered components

SURFACE MOUNT GERMICIDAL UV LIGHTS**

- Improve air quality and protect equipment by sterilizing surfaces
- Highest intensity on the market
- Dual or single lamp
- 2,000 microwatts (UV-2000)
- 1,456 microwatts (UV-1000)
- 5-Year Limited Warranty on covered components

REMOTE MOUNT GERMICIDAL UV LIGHTS**

- Improve air quality and protect equipment
- Installation flexibility with added safety features and simplified maintenance
- 5-Year Limited Warranty on covered components

VENTILATION

HEAT- AND ENERGY-RECOVERY VENTILATORS*

- Brings in fresh outdoor air and eliminates stale indoor air
- 95-CFM-to-270-CFM-sized units, all providing balanced ventilation
- Well-suited for both colder climates and dry or desert-like climates; transfers heat from indoor air before it's discharged (HRV)
- ECM Motor (HRV)
- Designed for warm as well as colder climate regions with high seasonal humidity; transfers heat and moisture back outdoors (ERV)
- All Healthy Climate ERVs are cold-climate certified
- Can be controlled with 200, C30 and M30 Lennox Smart Thermostats
- Limited Lifetime Warranty on the HRV core; Limited 10-Year Warranty on the ERV core
- 5-Year Limited Warranty on covered components

HRV5-270-TPD-ECM
HRV5-150
HRV5-200-TPD
HRV5-150-TPD
HRV6-695-TPD

ERV5-130
ERV5-150-TPD
ERV-175-TPD

FRESH AIR INTAKE

- Brings in fresh outdoor air
- Economical supply ventilation for improved indoor air quality and comfort
- Automatic monitoring of outdoor temperature and indoor humidity
- Meets ASHRAE 62.2003 residential ventilation standard
- 5-Year Limited Warranty on covered components

COILS

HUMIDIFICATION

POWER AND BYPASS HUMIDIFIERS

- Bypass Humidifiers – 77- or 12-gallons-per-day capacity
- Power Humidifier – 18-gallon capacity per day
- Unique flow-through design introduces moisture to home's dry air during heating cycle
- Applicable to most forced-air installations
- Option to purchase with automatic humidistat for more precise humidity control in ducted installation
- 5-Year Limited Warranty on covered components

HCWB3-12
HCWB3-17

HCWP3-18

DEHUMIDIFICATION

WHOLE-HOME DEHUMIDIFIERS

- Effectively removes excess moisture from the whole home, a single zone (basement or crawl space) or a combination of both to enhance total comfort
- Helps create healthier air by reducing dust mites and mold that thrive in humid environments
- Compact 80-pint unit for tight applications
- Designed to easily integrate with any HVAC system
- Three different capacity units available for different home needs
- Aluminum coil for higher quality and reliability
- Digital control with ventilation logs
- 5-Year Limited Warranty on covered components

HUMIDITROL® WHOLE-HOME DEHUMIDIFICATION SYSTEM**

- Patented Humidrol® design helps reduce humid conditions in the home's air to improve comfort and air quality
- Minimizes the impact of potential airborne pollutants and helps eliminate mold and mildew problems
- 5-Year Limited Warranty on covered components

PACKAGED UNITS

LRP16GE PACKAGED GAS/ELECTRIC

- 13.40 SEER2* and 81% AFUE
- Two-stage heating and cooling operation produces more even temperatures and uses less energy
- Healthy Climate® purification accessory improves air quality for healthier, clearer air
- 1-phase available
- 20-Year Limited Warranty on heat exchanger
- 10-Year Limited Warranty on compressor
- 5-Year Limited Warranty on covered components¹

LRP16GX LOW-NOx PACKAGED GAS/ELECTRIC

- Meets California's Low-NOx emissions standards (local air quality district mitigation fees apply)
- 13.20 SEER2* and 81% AFUE
- High-efficiency variable-speed blower
- Two-stage heating and cooling operation produces more even temperatures and uses less energy
- 1-phase available
- 10-Year Limited Warranty on compressor
- 5-Year Limited Warranty on covered components¹

LRP16HP PACKAGED HEAT PUMP

- Up to 13.20 SEER2* and 6.70 HSPF2*
- Three-stage heating operation
- Two-stage cooling operation produces more even temperatures and uses less energy
- Healthy Climate air purification accessory improves air quality for healthier, clearer air
- 1-phase available
- 10-Year Limited Warranty on compressor
- 5-Year Limited Warranty on covered components¹

LRP14GE PACKAGED GAS/ELECTRIC

- 13.40 SEER2* and 81% AFUE
- Single-stage heating and cooling operation
- Compact footprint and industry standard connections allow easy installation
- Strong cooling capacity at high ambient temperatures
- 1-phase/3-phase available
- 20-Year Limited Warranty on heat exchanger
- 10-Year Limited Warranty on compressor
- 5-Year Limited Warranty on covered components¹

LRP14HP PACKAGED HEAT PUMP

- 13.40 SEER2* and 6.70 HSPF2*
- Single-stage heating and cooling operation
- Compact footprint minimizes demolition work in replacement applications and allows hassle-free transportation
- Strong cooling capacity at high ambient temperatures
- 1-phase/3-phase available
- 10-Year Limited Warranty on compressor
- 5-Year Limited Warranty on covered components¹

LRP14AC PACKAGED AIR CONDITIONER

- 13.40 SEER2* and 10.6 EER2*
- Single-stage heating and cooling operation
- Compact footprint minimizes demolition work in replacement applications and allows hassle-free transportation
- Strong cooling capacity at high ambient temperatures
- 1-phase/3-phase available
- 10-Year Limited Warranty on compressor
- 5-Year Limited Warranty on covered components¹

LRP14GN ULTRA LOW EMISSIONS PACKAGED UNIT

- Meets new ultra-low emissions standards in California
- 13.40 SEER2* and 81% AFUE
- Single-stage heating and cooling operation
- 1-phase/3-phase available
- 20-Year Limited Warranty on heat exchanger
- 10-Year Limited Warranty on compressor
- 5-Year Limited Warranty on covered components including compressor

LRP14GX LOW EMISSIONS PACKAGED GAS/ELECTRIC

- Meets low emissions standards in California
- 13.40 SEER2* and 81% AFUE
- Single-stage heating and cooling operation
- 1-phase/3-phase available
- 10-Year Limited Warranty on compressor
- 5-Year Limited Warranty on covered components¹

MINI-SPLIT SYSTEMS

MPC MINI-SPLIT HEAT PUMPS

- Efficiencies up to 23.50 SEER2 and 11.90 HSPF2
- ENERGY STAR® certified systems are eligible for money-saving rebates
- Multi-zone units can support up to 5 indoor units
- Easy, compact installation offers unique application options and flexibility
- Inverter design delivers whisper quiet operation, as low as 22.5 dB indoors and 53 dB outdoors
- 7-Year Limited Warranty on compressor¹²
- 5-Year Limited Warranty on covered components¹³
- No Braze Warranty on outdoor units

MLB MINI-SPLIT HEAT PUMPS

- Efficiencies up to 28.10 SEER2 and 11.50 HSPF2
- Compatible with any of the 5 indoor unit styles
- Multi-zone units can support up to 5 indoor units
- No wind reduces installation time and maintains nice appearance
- Whisper-quiet operation with indoor operating levels as low as 22.5 dB and 54.5 dB outdoors
- Maintains 100% capacity at 0°F
- Operates at temperatures as low as -22°F
- 7-Year Limited Warranty on compressor¹²
- 5-Year Limited Warranty on covered components¹³
- No Braze Warranty on outdoor units

MCB MINI-SPLIT AIR CONDITIONER

- Single-zone system connects with wall-mount only
- Energy efficient up to 21.00 SEER2 and 12.5 EER2
- Whisper-quiet operation with indoor operating levels as low as 22.5 dB and 53.5 dB outdoors
- Wireless remote controller included
- 7-Year Limited Warranty on compressor
- 5-Year Limited Warranty on covered components
- No Braze Warranty on outdoor units

MHB MINI-SPLIT HEAT PUMP

- Single-zone system connects with wall-mount only
- Efficiency ratings up to 20.40 SEER2 and 9.40 HSPF2
- Whisper-quiet operation with indoor operating levels as low as 20 dB and 53.5 dB outdoors
- 7-Year Limited Warranty on covered components
- No Braze Warranty on outdoor units

ZONING

LENNOX SMART ZONING SYSTEM

- Four-area zoning
- Designed to work with Lennox S30 Smart Thermostat, wired smart zone sensors, and digitally communicating equipment
- Automatic changeover between heating and cooling operation
- Program daily or weekly schedules for each zone
- Ability to be controlled remotely by a smartphone or web-enabled device
- 5-Year Limited Warranty

LENNOX ZSV VARIABLE ZONING SYSTEM

- Four-area zoning
- Designed specifically for Lennox® residential variable-speed, non-communicating equipment applications
- Enhances quiet operation
- 5-Year Limited Warranty

LENNOX ZS2 TWO-STAGE ZONING SYSTEM

- Four-area zoning
- Supports up to 3 stages of heat and 2 stages of cool
- Works for multi-stage conventional, heat pump, air conditioner or dual-fuel applications
- Provides precise comfort by allowing control of heated and cooled airflow
- 5-Year Limited Warranty

LENNOX ZS1 SINGLE-STAGE ZONING SYSTEM

- Four-area zoning
- Provides flexibility and control of heated and cooled airflow
- Works with single-stage air conditioning applications
- Robust Push-Terminals to easily connect wires
- 5-Year Limited Warranty

C35 UPFLOW A-COIL WITH RFC

- Factory-installed Refrigerant Flow Control (RFC) device
- Upflow cased and uncased models
- Enhanced aluminum tube construction for improved durability
- Duct flanges for a better air seal
- 5-Year Limited Warranty on covered components¹⁴

CX35 UPFLOW A-COIL WITH TXV

- Factory-installed TXV
- Upflow cased models
- Enhanced aluminum tube construction for improved durability
- Duct flanges for a better air seal
- 5-Year Limited Warranty on covered components¹⁵

GCWB95, GWB84-IE, GWB84-E, GS88-E, OWB86

- AFUE ratings: Up to 95% for gas water boilers and combi-boilers, 82.7% for gas steam boilers and 85.2% for oil water boilers
- Gas boilers available for water or steam
- Oil boilers available for water heat
- 12-Year Limited Warranty on heat exchanger (GS88-E)
- 15-Year Limited Warranty on heat exchanger (GCWB95, GWB84-IE, GWB84-E, OWB86)
- 20-Year Limited Warranty on heat exchanger (GWB84-IE, GWB84-E, OWB86)
- Up to 10-Year Limited Warranty on covered components

CHX35 HORIZONTAL A-COIL WITH TXV

- Factory-installed TXV
- Horizontal model
- Large face area for highly efficient operation
- Enhanced aluminum tube construction for improved durability
- Duct flanges for a better air seal
- 5-Year Limited Warranty on covered components¹⁶

CR33 DOWNFLOW CASED COIL WITH RFC

- Downflow cased models
- Killed copper tubing
- Large face area for highly efficient operation
- 5-Year Limited Warranty on covered components¹⁷

CH23 HORIZONTAL SLAB COIL

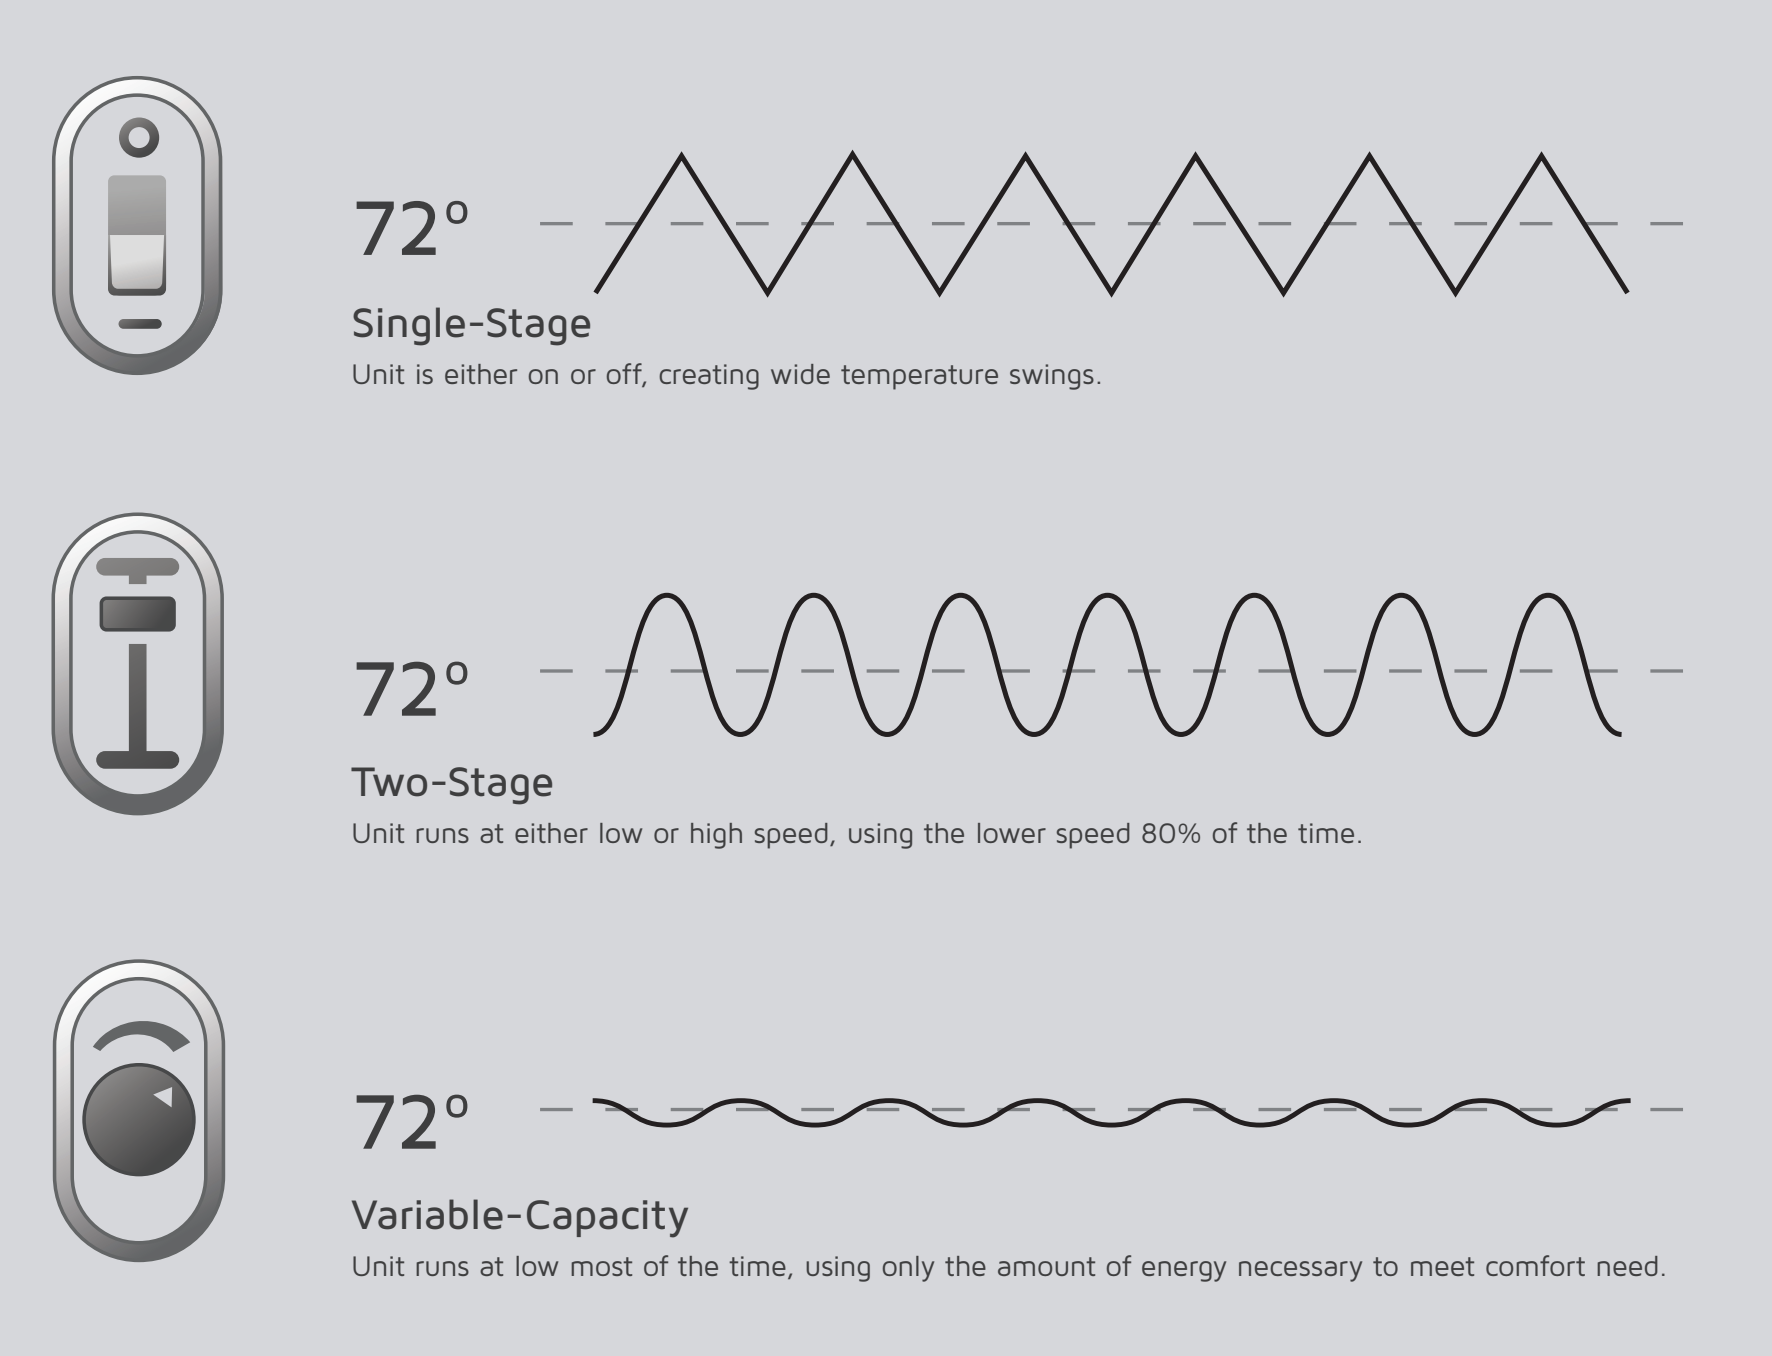

- Horizontal model
- Large face area for efficiency
- Copper-filled tubing and enhanced aluminum fins for improved heat transfer
- Minimal air resistance for better performance
- 5-Year Limited Warranty on covered components¹⁸

HOW IT WORKS

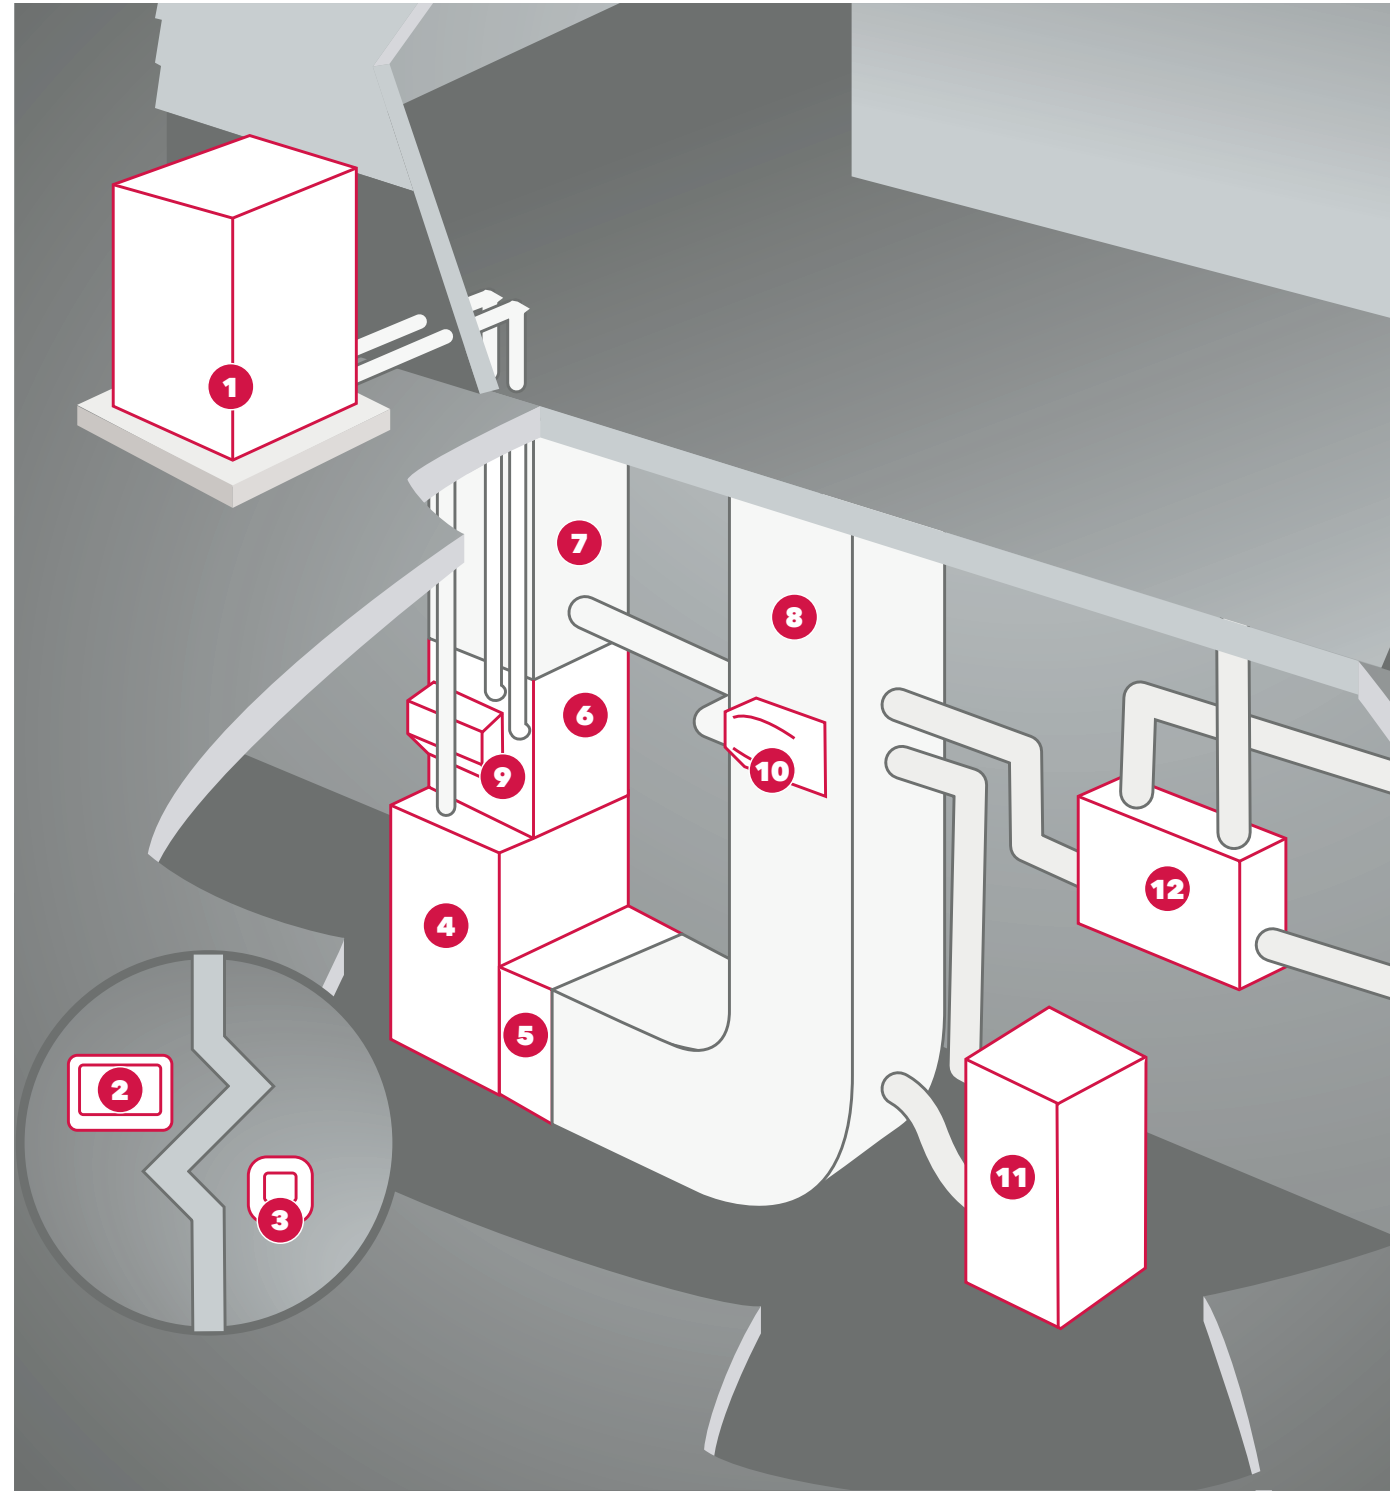

HOW DOES Single-Stage, Two-Stage & Variable-Capacity WORK?

A SIMPLE ANALOGY
The light switch

Single-Stage Models			
Heating			
EL196E	EL180NE	ML180V	ML180E
EL195NE	ML196E	ML193E	
Cooling			
EL17XC/EL17XP1	EL16XC/EL16XP1		
ML17XC1/ML17XP1	ML16XC1/ML16XP1		
ML14XC1			
Two-Stage Models			
Heating			
SL297NV	SL280NV	SL280V	EL296V
EL296E	EL280E	ML296V	
Cooling			
XC21/XP21	ML18XC2		
Variable-Capacity Models			
Heating			
SLP99V (modulating)			
Cooling			
SL28XCV/SL25XPV	XC20/XP20		
EL18XC/EL18XPV	EL23XC/EL22XPV		

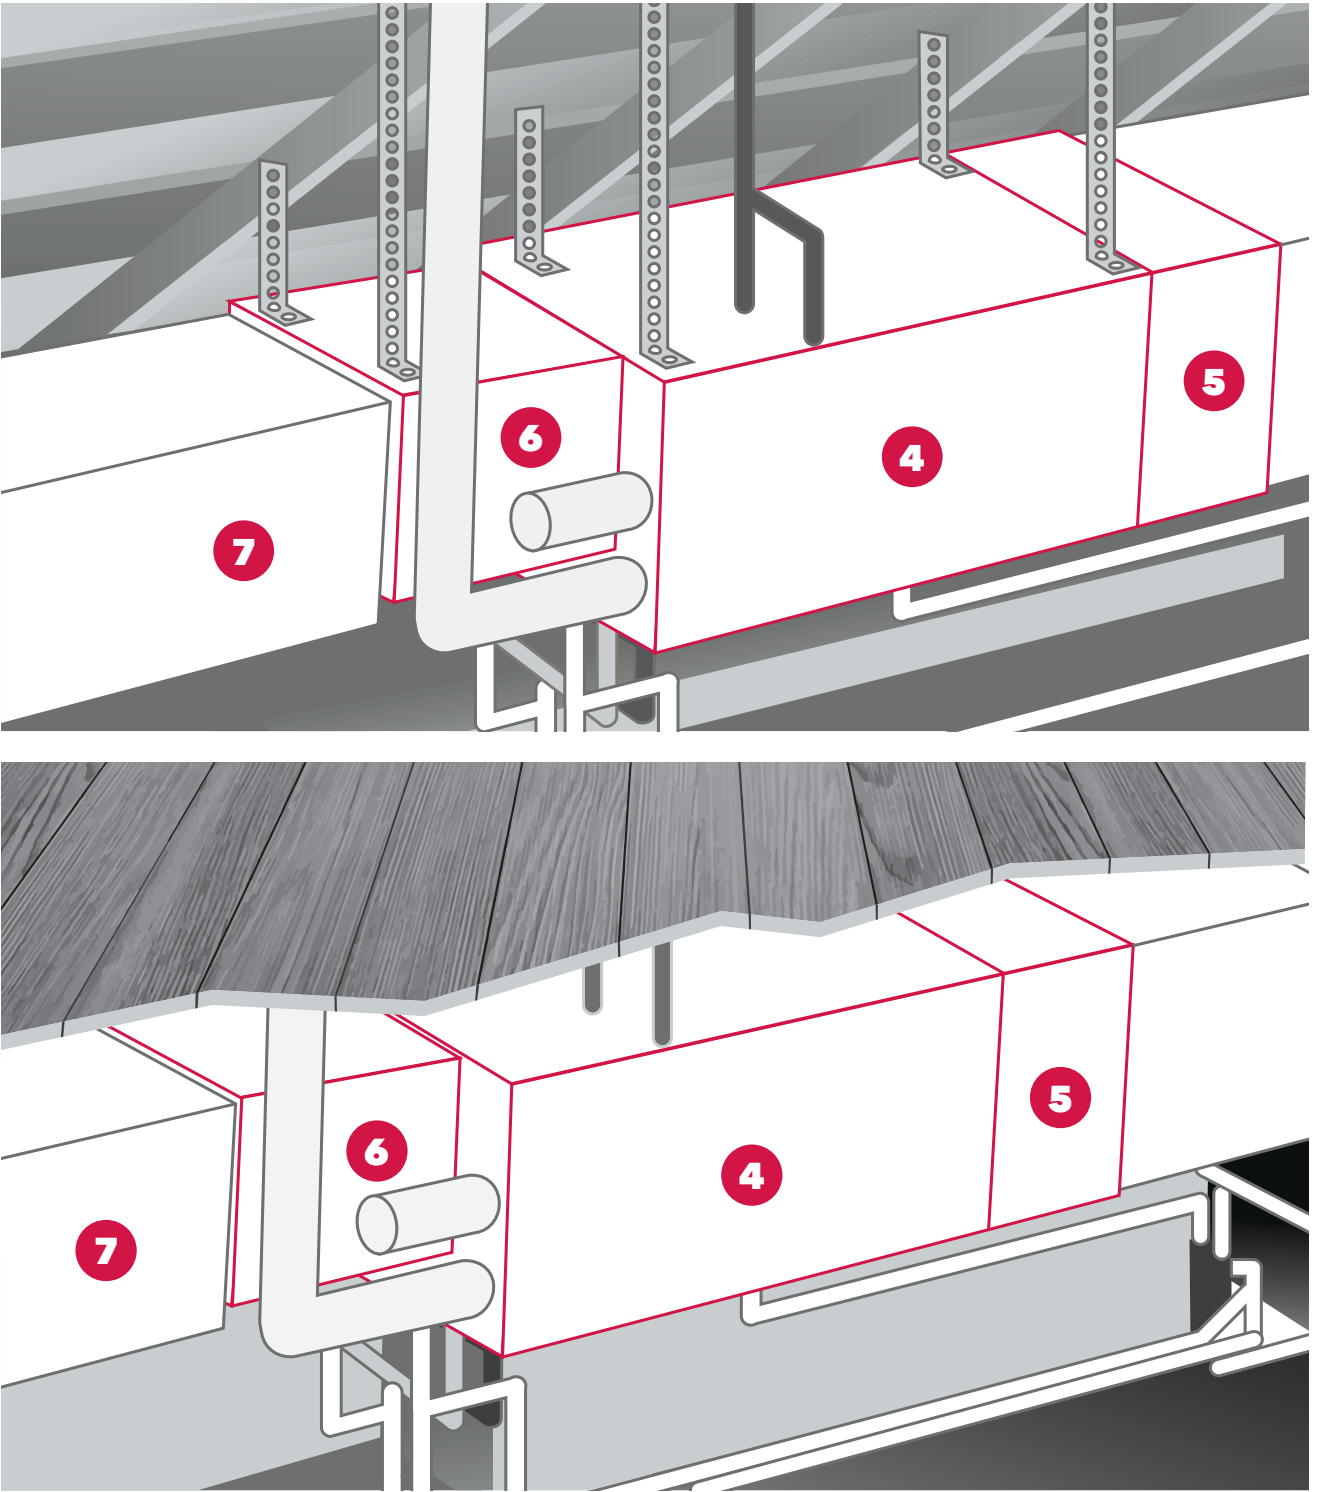

BASEMENT INSTALLATION

SYSTEM COMPONENTS:

- A home comfort system is made up of many integrated components that work together to provide efficient comfort for your home. These components include:
- Air conditioner or heat pump
 - Thermostat
 - Zoning system
 - Furnace or air handler
 - Air-filtration device
 - Indoor coil
 - Supply duct
 - Return duct
- OPTIONAL AIR QUALITY ACCESSORIES**
Other components can be added to the home comfort system to help solve a range of indoor air quality issues. These solutions include:
- Germicidal light
 - Humidifier and/or dehumidifier
 - HEPA filtration system
 - Ventilation system

ATTIC/CRAWLSPACE INSTALLATION

*Data is based on preliminary estimates. These numbers are subject to change.

Note: Due to Lennox' ongoing commitment to quality, all specifications and ratings are subject to change without notice. Warranties noted apply to residential applications only. Please see actual warranty certificate for details.

Note: Proper sizing and installation of equipment is critical to achieve optimal performance. Split system air conditioners and heat pumps must be matched with appropriate coil components to meet ENERGY STAR® requirements. For a list of ENERGY STAR certified models, visit www.energystar.gov. AFUE – Annual Fuel Utilization Efficiency, SEER – Seasonal Energy Efficiency Ratio, HSPF – Heating Seasonal Performance Factor (Note: All HSPF ratings are Region IV). Always verify actual system efficiencies through AHRI or by visiting the AHRI ratings database at www.ahridirectory.org.

1 Based on sound pressure levels during steady-state, high-fire and low-fire operation of Lennox® SLP99V/HP20V/36V as of March 2020 at mid-point temperature rise and minimum external static pressure when set to per Section 4.4.4 of ANSI 260-2012. Based on AFUE efficiency rating of Lennox SL296V/HP296V/36V and leading competitive units listed in AHRI directory as of December 2019. Efficiency ratings established per test standard ANSI/AHRAE 103-1993.

2 Based on sound pressure levels during steady-state, high-fire operation of Lennox SL280V/HP280V/36A and leading competitive units at mid-point temperature rise and minimum external static pressure when set to per Section 4.5.3 of AHRI 260-2012, as of December 2019.

3 Stainless steel secondary heat exchanger.

4 Efficiency claim based on comparison of the average SEER of the SL28XC/VE as compared to the average SEER of the competitive variable capacity compressor units as published in AHRI (December 2020).

5 Actual system combination efficiency may vary; consult AHRI for exact system efficiencies. Precision claim based on the average cooling capacity range of the SL28XC/VE as compared to the average cooling capacity of the competitive variable capacity compressor units (December 2020). Averages calculated across 2, 3, 4 and 5 tonnage.

6 Efficiency ratings established per AHRI's test standard: ANSI/AHRI 210/240-2017 of two-stage central HVAC equipment as published in AHRI (December 2019).

7 Efficiency claim based on comparison of highest Designated Test Combination SEER of the SL23XPV as compared to the Designated Test Combination SEER of the competitive variable capacity compressor units as published in AHRI (June 2021). Actual system combination efficiency may vary; consult AHRI for exact system efficiencies. Precision claim based on the average cooling capacity range of the SL23XPV as compared to the average cooling capacity range of the competitive variable capacity compressor units based on published competitive data (June 2021). Cooling capacity ranges calculated across 2, 3, 4 and 5 tonnage at maximum and minimum speed at AHRI standard rating conditions: 95°F outdoor and 80/67° indoor (80°F dry bulb and 67°F wet bulb).

8 (Near Applicable)

9 Covered components may be eligible to receive a 10-year warranty. Online equipment registration at www.lennoxregistration.com is required within 60 days of installation (except in California and Quebec) or Lennox base warranty will apply. See actual warranty certificate for details.

10 This product may be eligible for valuable 12-Year Lennox Extended Warranty coverage with product registration.

11 Based on 2019 sound pressure levels during operation of Lennox® CBA33PV/036 with factory-installed duct compared against 3-ton units of the leading competitors representing the majority of the total air handlers of like class sales volume in North America at equivalent external static pressure when set to per Section 4.3.3 of ANSI 260-2012 test standard. Efficiency ratings (CFM/Watt) established per test standard: ANSI/AHRI 210/240-2008.

12 The MCB and MPC mini-split heat pumps may be eligible for valuable 12-Year Limited Extended Warranty coverage with product registration. Online equipment registration at www.lennoxregistration.com is required within 60 days of installation (except in California and Quebec) or Lennox base warranty will apply. Applies to residential applications only. See actual warranty certificate for details.

13 Covered components in the equipment are warranted for 1 year when installed in non-residential applications. Warranty is not applicable to maintenance items.

14 HP-LAMPs contain mercury. Handle in accordance with disposal laws. Refer to www.lennoxcycle.org or call 1-800-9-Lennox. Remote mount germicidal lights must be accompanied by either a variable-speed air handler or furnace and the CFS750 Series touchscreen thermostat.

15 Efficiency claim based on comparison of heat pump products' SEER as published in AHRI (November 2019). Actual system combination efficiency may vary; consult a Lennox Dealer or AHRI for exact system efficiencies. Precision claim based on the cooling capacity range of the 9225-026 units as compared to equivalent sized competitive variable-capacity compressor units.

16 Removal efficiency based on third party testing recommended by CDC and others. Filtration can be part of a plan to reduce the potential for airborne transmission of COVID-19 indoors.

17 When used properly with other best practices including by CDC and others, filtration can be part of a plan to reduce the potential for airborne transmission of COVID-19 indoors.
